Waterproof Digital Thermometer
Item# 2001095

Press the On / Off button to start or stop the thermometer. It will automatically power off after 10 minutes of inactivity to save battery life. Select Fahrenheit or Celsius using the °C/°F button.

Features

- Large, Easy-to-read LCD
- Data Hold and Min-Max memory
- Auto shut off after 10 minutes to conserve battery life
- Field Calibratable - complies with HACCP requirements
- °F / °C switchable
- Waterproof (IP56)
- One Year Limited Warranty

Hold Feature: Once the display has stabilized, press the Hold button and the temperature will be held on the display *(H will appear)*. Press again to release.

Max/Min Feature: Press the Max button to see the maximum recorded temperature. Press Max again to show the minimum recorded temperature. Press Max a third time to return to normal measurement. To clear the memory, press Max for 3 seconds.

Battery Replacement: The LR44 (1.5V) battery needs to be changed once the display starts to become dim. Open the battery compartment by turning the battery cover counterclockwise with a coin. Remove the used battery and insert new one with "+" sign facing up. Close the cover and make sure the O-ring is sealed properly to maintain the waterproof feature.

Calibration: This unit has a unique calibration feature that allows it to be calibrated at any temperature.

1. Press the CAL button to start the procedure. "CAL" will show on the display.
2. Place the probe into water with a known temperature (an ice slurry at 32°F or boiling water at 212°F are recommended).
3. Increase the reading by pressing the °C/°F button or decrease the reading by pressing the Hold button.
4. When the correct reading is reached, press the CAL button to finish.

Specifications

- Range: -40°F to 450°F (-40°C to 230°C)
- Accuracy: ± 1.0°F (0.5°C) from 0°F to 176°F
         ± 2.0°F (1.0°C) otherwise
- Resolution: 0.1° up to 200° / 1° otherwise
- Response Time: 5 seconds
- Dimensions: 7.0" x 1.0" x 0.6"
- Probe: 2.75" x 0.067" (1.7 mm) diameter
- Power: One LR44 (1.5V) battery *(included)*
